

# THE MPPD MINUTE

April  
2024

## Nebraska Lineman Appreciation Day April 8, 2024

MPPD would like to take the opportunity to recognize the incredible men who power our lives. Linemen work with an element of danger that requires concentration, usually when the weather is at its worst. They often work in storms with rain, snow, wind, and extreme heat and cold.

Safety is always our #1 priority, which is why linemen spend thousands of hours training. Their training consists of First Aid, CPR, Pole Top Rescue, and Bucket Rescue just to name a few. MPPD is in the process of constructing a training facility to allow linemen to advance their skills.

Trucks are pictured on the training facility just south of MPPD Headquarters.

Journeyman Lineman Randy Propp descends out of the bucket during self rescue training.

### NEW EMPLOYEE

Natalie Meyers started her career at McCook Public Power District on March 13, 2024 as the new Accountant. Natalie and her husband, Derek reside near Indianola with their two children, Darin and Eliza. Her hobbies include bowling and fishing. Welcome to the team Natalie!
